UCH AN ESTABLISHMENT AS THE ABOVE HAS

been much wanted by the ladies of the city, and

now it is open to the public.

The economy of this store department, together with

the skill and knowledge of every branch of the business, has recently recommended her friends

that she has secured the services of the most experienced

and skillful dressers in the city, and that her skill is known only to herself. The process is executed without oil, preserves the gowns, color, and texture, as when new.
